

FLAT CLASSROOM

Objectives: Edit and Update the Wiki

- update links and remove dead links on the wiki page
- provide current information relevant to news in their country
- make the wiki more concise while retaining the meaning of the original author
- add footnotes in the wikipedia model of authoring.

1) Join the Wiki-

Go to <http://flatclassroomproject.wikispaces.com> -- Join the wiki.

2) Introduction on Wiki Discussion

Go to the [Flat Classroom wiki Groups page](#), check who is in your Group (there are 11 groups) and also who is in your sub-group (there are 3 sub-groups for each topic, A, B and C). Select the wiki page for your group, for example, Connecting the world online.

Go to the **discussion tab** and leave a message for your team members. Make sure you identify yourself clearly and also say what your ID is on the Ning. You may also exchange email addresses.

***Print out and attach to this assignment sheet.**

3) Analyze the strengths and weaknesses of your current wiki.

A. Complete the **Wiki Analysis Worksheet**. Use a word document to copy the formatting and type your answers.

*** Print out and attach to this assignment sheet.**

B. Summarize strengths, weaknesses, and action items. If you like, you may work with classmate(s) in the same group. Use a Word document and the following outline:

- Heading
- Your group number and topic title.
- Strengths
- Weaknesses
- Action items (how you intend to correct the weaknesses and improve the document)

*** Print out and attach to this assignment sheet.**

*** Post on the discussion tab of your wiki topic.**

4) Reflection: Go to the Ning – My Page – Add Blog Post. Summarize your classroom blog. Think ahead. What are the things you need to do next to move towards editing the wiki and working on the video?

5) Create a group on the Ning – If you want to have a place for discussions on the ning – you may create one.
